

# FLOOR MAINTAINER CLEANER & RESTORER

## DESCRIPTION

**FLOOR MAINTAINER Cleaner and Restorer** represents the most advanced technology in restorative floor chemistry.

**FLOOR MAINTAINER Cleaner and Restorer's** wide spectrum chemistry is a "next generation" cleaner/restorer that provides unequalled results on all types of hard and resilient floor surfaces. It can be used in any high speed program to achieve the wet-look.

**FLOOR MAINTAINER Cleaner and Restorer** cleans surface film and prepares it for buffing to a brilliant gloss. Superior results can be obtained by use of propane burnishers.

**FLOOR MAINTAINER Cleaner and Restorer**, in normal use, will greatly reduce costly recoating of finishes!

## DIRECTIONS

Apply **FLOOR MAINTAINER Cleaner and Restorer** by autoscrubber or mop. It is recommended for daily application by autoscrubber. For maintenance schedule using mop-on application, **FLOOR MAINTAINER Cleaner and Restorer** is recommended 1-2 times per week. Extremely soiled areas may require pre-cleaning.

### DILUTIONS

**AUTOSCRUBBER:** 2 ounces per gallon of water

**MOP-ON APPLICATION:** 1-2 ounces per gallon of water.

For complete removal of **FLOOR MAINTAINER Cleaner and Restorer** and finishes, apply stripper and follow directions.
