

OVEN & GRILL CLEANER

DESCRIPTION

For removing heavy baked-on grease from ovens, grills, and stoves.

DIRECTIONS

NOT FOR HOUSEHOLD USE

1. Turn off electrical current or gas pilot lights.
2. Protect floor, exterior trim (see pre-cautions) and under the door with newspaper.
3. Remove rack and clean it separately.
4. Works in cool or warm oven. For warm oven, preheat oven no higher than 200°F, then turn it off.
5. Wear plastic or rubber gloves.
6. Allow foam to work for at least 5-10 minutes on warm surfaces and 20 minutes or more on cool surfaces.
7. Wipe clean with wet cloth or sponge.
8. Rinse freely.
