

# CONCENTRATED PINE CLEANER

## DESCRIPTION

A pleasant scented concentrated pine cleaner and deodorizer formulated for economical cleaning performance on walls, floors, and most surfaces.

## DIRECTIONS

### APPLICATION INFORMATION

Select the proper dilution of cleaner for your use from cleaning directions. Apply the use solution with a clean mop, sponge, cloth, squeegee, or mechanical scrubber. Prepare fresh use solutions daily. Do not reuse solutions. Discard solutions when they become visibly soiled. For cleaning thoroughly, wet the surfaces to be treated. Surfaces must remain moist for at least 10 minutes to assure proper cleaning action.

This product may be used for cleaning hard, non-porous, inanimate environmental surfaces (glass, metal, glazed porcelain, linoleum, tile, smooth leather, vinyl, enameled and finished wood surfaces) on walls, floors, appliances and furnishings.

### CLEANING

Depending on the soil level of the area to be cleaned, use 3 to 12 ounces of the cleaner per one gallon of water. Use 7 1/2 ounces of cleaner per gallon of water (1 part to 16 parts water) for one-step cleaning of areas with light to medium soil loads. For heavily soiled areas, preclean as described above for light to medium soil loads, and then with cleaner at 6 oz. per gallon (1 part to 20 parts water).

**FOR CLEANING AND DEODORIZING OF GARBAGE CANS, GARBAGE TRUCKS, INDUSTRIAL WASTE AND RECEPTACLES AND OTHER GARBAGE HANDLING EQUIPMENT:** It is especially important to preclean, in order for the cleaner to perform properly. Then apply a wetting solution of 8 ounces of cleaner per one gallon of water.

**FOR CLEANING OF WALLS, FLOORS AND INDUSTRIAL WORK AREAS:** Use 5-8 ounces per one gallon of water. The use of rubber gloves is recommended for personnel doing continuous hand cleaning.

This cleaner may also be used through automatic floor scrubbing equipment and is also an excellent deodorant.

## APPLICATIONS

### Product for Use On:

- >Walls and Floors
- >Garbage Cans
- >Dumpsters

## SPECIFICATIONS

Color .....	Brown
Fragrance .....	Pine
pH Range.....	5.0 - 7.0
Dilution.....	3 - 12 oz / gal.
Density.....	8.42

## PACKAGING

ITEM#.....	SIZE
700560-41.....	4/1 Gal.
700560-30.....	30 Gal.
