

BROWN OUT CONCENTRATED pH NEUTRALIZER

DESCRIPTION

An additive or treatment for eliminating carpet browning. Recommended before cleaning with rotary, foam, steam, or extractor.

DIRECTIONS

1. Check local water with pH test paper.
2. Check shampoo with pH test paper.
3. Using dilution chart, add diluted mixture, if either shows a 7 pH.
4. Always test product in an inconspicuous place on rug or carpet.

DILUTIONS

LIGHT SOIL1-64(2 oz. per gallon water)
MEDIUM SOIL1-32(4 oz. per gallon water)
HEAVY SOIL1-16(8 oz. per gallon water)
