

PINE OIL 10 CONCENTRATE CLEANER

DESCRIPTION

A pine oil deodorant cleaner for difficult industrial uses. Cleans and deodorizes hard inanimate surfaces quickly and easily. Emulsifiable.

DIRECTIONS

Floors & Walls: Use a dilution of 1 part cleaner to 50 parts water for average dirt. For extra tough jobs, use 1 part cleaner to 10 parts water. Mop or wipe on surfaces to be cleaned.

Garbage Containers: Use 1 part cleaner to 30 parts water and spray entire container. Repeat if necessary. To prevent problem odors clean frequently.

Bathrooms & Kitchens: A dilution of 1 part cleaner to 50 parts water will effectively clean and deodorize toilets, tubs and tile. Leaves everything bright and clean. Odors disappear instantly. Where odors are a constant problem, use 1 part cleaner to 10 parts water.

Stables & Kennels: A dilution of 1 part cleaner to 80 parts water sprayed on previously clean aroma. To keep unpleasant odors at a minimum, spray frequently. If odor persists, use a stronger dilution.
